

Space Saver Keyboard Range

Desk Model

Tray Model

Panel Model

Glidepoint Model

The Devlin Mobile Computing range of space saver keyboards exhibits all the functionality required of a standard desktop keyboard but in a smaller overall size. Important features such as auto-repeat, multi-key rollover, caps, separate numeric pad and scroll lock still remain as well as offering a number of other features. These include:

- **Separate numeric number pad**
- **Optional integrated GlidePoint touchpad**
- **Small footprint - 60% less than standard keyboard with same functionality**
- **Language variants including US, German, French, Swedish, Spanish, Italian, Danish, Swiss, Swiss/French**
- **Custom keytop legend designs**
- **Desk, tray and panel mounted versions available**
- **Choice of white or charcoal enclosure colours**
- **USB as standard with PS/2 adaptor**
